

# Meridian QuickStart Guide

## Get Started Fast

1. Open Unified Backtest Notebook.
2. Run all cells.
3. Inspect PnL and trades.
4. Tune strategy using Sweep Engine.
5. Monitor in Dashboard v2.

## **Commands**

Start Dashboard: `python scripts/start_dashboard.py`

Run Backtest Notebook: `notebooks/backtest_meridian_v2_1_2.ipynb`

Run Replay: `python scripts/replay_day.py --date YYYY-MM-DD`
